

SCP Spray

SKIN CARE POWDER SPRAY

SOOTHES AND PROTECTS MINOR WOUNDS AND SKIN IRRITATIONS

Anti-septic and anti-bacterial ingredients
Arnica to aid recovery
Stops weeping and oozing
Breathable barrier

Product information

Soothing, antiseptic wound spray that removes excessive moisture from wounds and aids in the management of cuts, sores and proud flesh.

The specially selected ingredients (Zinc Oxide, Oregano Oil, Teatree Oil and Marigold Oil) soothe sensitive and irritated areas of the skin, disinfect and decrease skin tension. SCP Spray soothes itching and reduces the tendency to scratch. Camomile and Arnica oil have a soothing effect and have been used for centuries to aid in the healing process.

When to use

Any skin injury or irritation e.g. bites, cuts, grazes, saddle sores, girth galls, proud flesh

How to use

Clean the affected area carefully. Shake the bottle well until the powder sediment is thoroughly mixed by the steel ball inside of the container. Spray on the affected area 2–3 times daily from a distance of 10 to 20 cm.

Being a spray, rather than a cream or ointment, SCP Spray has the added benefit of no cross-contamination, and no need to wear gloves to apply.

Presentation 200 ml spray bottle

Composition:

Zinc oxide, calcium stearate, oregano oil, camomile oil, arnica oil, teatree oil, marigold oil
